Part II Rating of satisfaction domains:

This questionnaire gives you the opportunity to provide feedback on your clinical experience during this particular rotation. Your feedback will help the CON and the clinical sites with ongoing improvement of the quality of internship training. Please note that this evaluation will not affect your performance evaluation in any way. Your contributions as an evaluator will remain anonymous.

Kindly read each statement carefully, then, using the rating guidelines below, place a rating mark for each statement.

Your feedback, opinions, comments, and suggestions do matter to us.

Please rate your satisfaction with CON graduates with the following performance and characteristics: Very Satisfied: Always/most of time is satisfied with the graduate performance and characteristics perfect performance) Satisfied: Often satisfied with the graduate performance and characteristics (acceptable standard of performance) Neutral/satisfied sometimes: Half of the time satisfied with the graduate performance and characteristics (moderate performance) Dissatisfied: Seldom satisfied with the graduate performance and characteristics (poor performance) Very dissatisfied: Never or almost not satisfied with the graduate performance and characteristics (very poor performance)	Very Satisfied	Satisfied	Neutral/satisfied sometimes	Very Dissatisfied	Dissatisfied	Very Dissatisfied
